

Product: C50G

Type: 5kg CO2 extinguisher

Application: Hospitals, Supermarkets, Hotels, and Restaurants, Paint shops, Fast Food chains, Clothing & Fabric industries, Industrial units, Offices etc.

Features:

- Robust design
- Easy to handle
- Hose & horn
- Ergonomic design
- Lightweight Aluminium cylinder
- Higher performance -70B

Benefits:

- Excellent fire ratings
- Powerful extinguisher
- Reduced service time
- Reliability
- Fire fighting performance
- Ideal for Industry

TECHNICAL DATA

Model	Capacity	Type	Weight of charged extinguisher	Extinguishing agent	Volume of extinguishing agent	Working pressure	Discharge Times	Range of jet horizontal	Temperature range	Height mm	Width mm	Depth mm
C50G	5 kg	Stored pressure	11.59kg	CO2	5 kg	56bar	14 sec.	>4m	-30°C to +60°C	750	310	152

CARBON DIOXIDE EXTINGUISHERS are suitable for class B risks involving flammable liquids and especially for electrical hazards. These extinguishers have been a natural replacement for Halon. CO2 is harmless to electrical equipment and as such is ideal for modern offices, electronic risks, and fires caused by the combustion of liquids such as: oils, fats, solvents, etc. This unit has the highest fire rating in its class.
