

Product: C20GH

Type: 2kg CO2 extinguisher with SAFE swivel horn

Application: Hospitals, Supermarkets, Hotels, and Restaurants, Paint shops, Fast Food chains, Clothing & Fabric industries, Industrial units, Offices etc.

Features:

- 'Safe to Handle' Swivel Horn
- Squat Design
- Aluminium Body (lightweight)
- Squeeze Grip Operation
- Kitemarked to BS EN3: 1996
- CE marked under the P.E.D (Pressure Equipment Directive)

Benefits:

- Higher rating than standard CO2 (55B)
- Offers same performance as some 5kg models
- Eliminates the risk of hand injury

TECHNICAL DATA

| Model | Capacity | Type | Weight of charged extinguisher | Extinguishing agent | Volume of extinguishing agent | Working pressure | Discharge Times | Range of jet horizontal | Temperature range | Height mm | Width mm | Depth mm |
|-------|----------|-----------------|--------------------------------|---------------------|-------------------------------|------------------|-----------------|-------------------------|-------------------|-----------|----------|----------|
| C20GH | 2 kg | Stored pressure | 4.93kg | CO2 | 2 kg | 56bar | 9 sec. | >4m | -30°C to +60°C | 490 | 180 | 117 |

THESE EXTINGUISHERS are suitable for class B risks involving flammable liquids & especially *electrical hazards*. CO2 has been a natural replacement for Halon, & is harmless to electrical equipment. This means it is ideal for modern offices, electronic risks, & fires caused by the combustion of liquids such as oils, fats solvents etc. The safe swivel horn gives this extinguisher a much higher fire rating than our standard 2kg CO2 model.
