

# 3lt Foam Stored Pressure Fire Extinguisher

Foam spray extinguishers are ideal for multi-risk situations where both Class A combustible materials and Class B flammable liquid risks are likely to be found, or where class B represents a direct hazard. Foam spray extinguishers are especially suitable for Class B fires involving flammable liquids such as oils, spirits, fats and certain plastics.

The blanketing effect of foam spray gives rapid knock down which smothers the flame and thus prevents re-ignition of flammable vapours by sealing the surface of the solution.

<b>Model</b>	FSP3/2
<b>Capacity</b>	3ltr
<b>Fire Rating</b>	13A 70B
<b>Working Pressure</b>	9 bar
<b>Operating Temperature</b>	+5c to +60c
<b>Height</b>	450mm
<b>Diameter</b>	160mm
<b>Weight</b>	6.1kg
