

This stored pressure water extinguisher is an ideal low cost solution to provide the maximum 21A protection from all fires involving freely burning materials such as wood, paper or fabric.

## Features

- Working pressure of 14 bar providing optimum discharge reach
- Custom designed plastic base for maximum durability
- Not suitable for use on electrical equipment
- Complete with wall bracket

Extinguishing Medium	Water	-	-	-	-
Capacity	9ltr	-	-	-	-
Model Number	TWCE9	-	-	-	-
Fire Rating	21A	-	-	-	-
Height	610mm	-	-	-	-
Cylinder Diameter	180mm	-	-	-	-
Overall Width		-	-	-	-
Full Weight	13.65kg	-	-	-	-
Discharge Range	> 4m	-	-	-	-
Discharge Duration	74 sec	-	-	-	-
Working Pressure	14 bar	-	-	-	-
Temperature Range	+ 5°C to + 60°C	-	-	-	-
Dielectrically Safe	NO	-	-	-	-
